The theme of the Gala Dinner this time is Muslim Communities "Culture & Cuisine" on celebrative occasions. The theme envisages an exposition of traditional activities within the community, and which usually revolves around get-togethers, visits, and family meals with rich ambiance towards traditional cuisine and celebrative dresses worn on special occasions.

The theme therefore provides a good representation of Muslim Communities to our friends from other Communities. Third World Solidarity, thus will further the cause of bridging the gap and creating better understanding between communities living here in Great Britain.

The occasion therefore provides a very good opportunity towards community get-together, entertaining family & friends as well as clients and business contacts, in a community function of high quality entertainment.
